"Since the filing of correspondence under § 1.10 without the Express Mail mailing label thereon is an oversight that can be avoided by the exercise of reasonable care, requests for waiver of this requirement will not be granted on petition." Notice of Oct. 24, 1996, 60 Fed. Reg. 56,439, at 56,442.

January 10, 2003 states that the proposed new formal drawings filed September 12, 2002 are not acceptable. However, Applicants were only advised of the unacceptability of the drawings by an Official Communication mailed October 18, 2002, which included a Form PTO 948 Notice of Draftsperson's Patent Drawing Review which stated in pertinent part: "The Examiner will require submission of new, corrected drawings **when necessary**" (emphasis added). Applicants never received a notification setting a term for submitting new, corrected drawings, but instead received a notice of abandonment. Under the circumstances, and in view of the Notice mailed October 18, 2002, which appeared to indicate that a term would be set for submission of new, corrected drawings, it is respectfully submitted that the abandonment was premature and should be withdrawn.

Respectfully submitted,
